

PCSecurityShield

Registry Cleaner
Power by LargeSoftware

Quick Guide to Installation

Rev:

June 2007

Before Installation

Before installing Registry Cleaner, please read installation instructions carefully and make sure that your personal computer meets the minimal system requirements. (If you are unsure please cancel your installation and visit our website at www.pcsc.com.)

Consider the Following before Installing the Product

Installing Registry Cleaner is very easy; installation wizard will guide you through the process step by step. However, there are some aspects that you must keep in mind before installing the program:

- If your computer does not meet the installation requirements the installation process will terminate automatically.

Important! Before installing the product, make sure to print out the License Key Code provided to you via email. If you do not have the Key Code or the Download you can go to www.pcsecurityshield.com and click on "Key Code and Download Center" link. Please use your order number and email address to obtain your "keycodes".

Installing Registry Cleaner

Step1: Download Setup

If you are downloading the software, perform the following:

- Open the Registry Cleaner setup
- After you launch the executable setup file the Setup Wizard for the Registry Cleaner is launched.
- Click "**Next**" to continue.
- The Installation Wizard prepares to install.

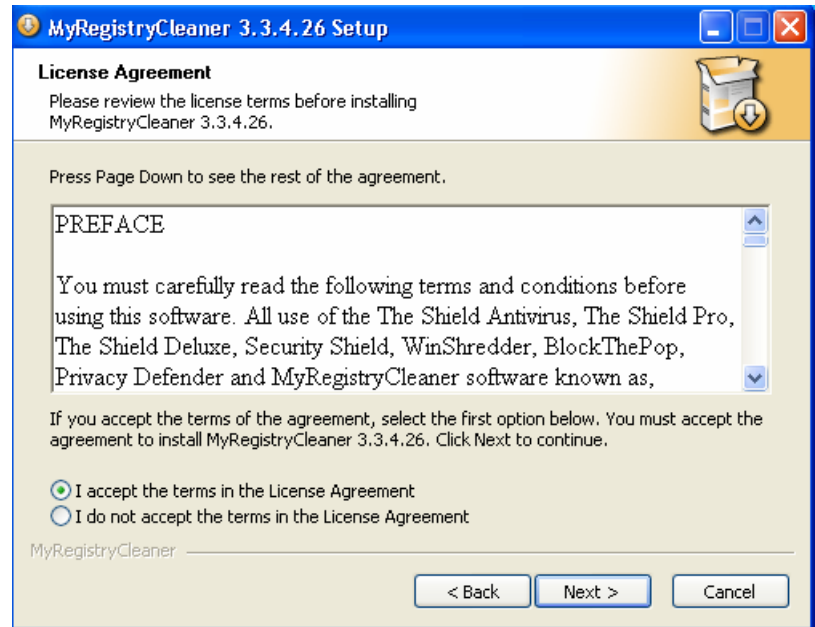

Step 2: License Agreement

- Read the End-User License Agreement and click on the radio button to **"I accept the terms in the License**

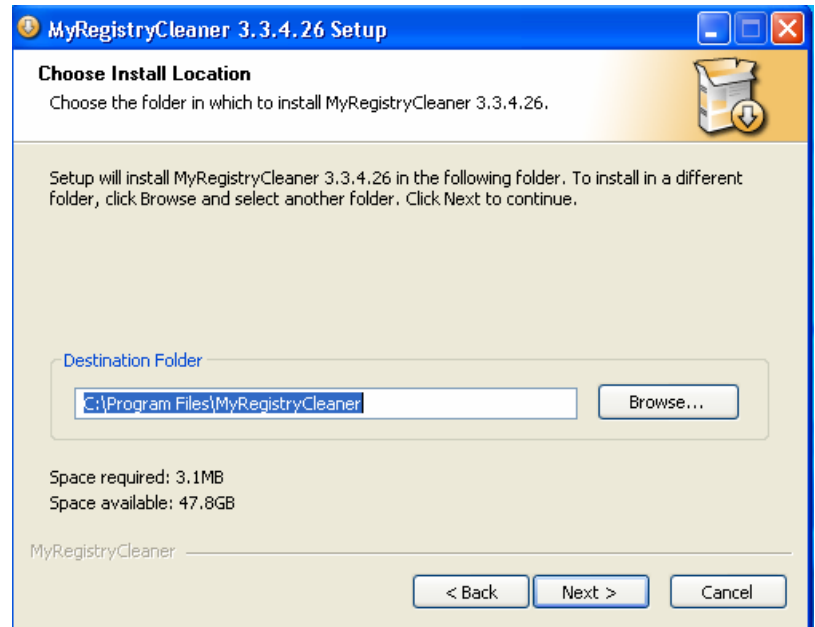

Agreement".

- Click **"Next"**.

Step 3: Location Destination

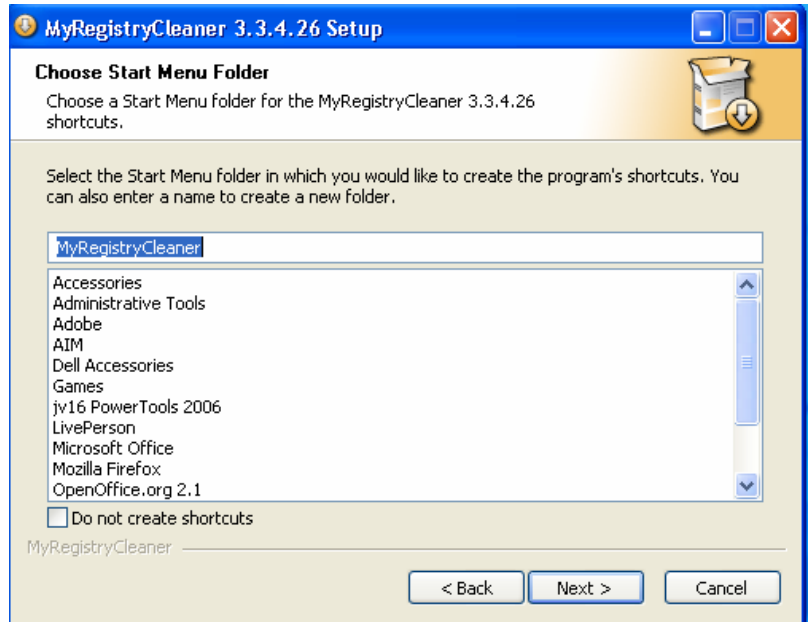

- We recommend you use the directory suggested by the Wizard.
- Click **"Next"** to proceed.

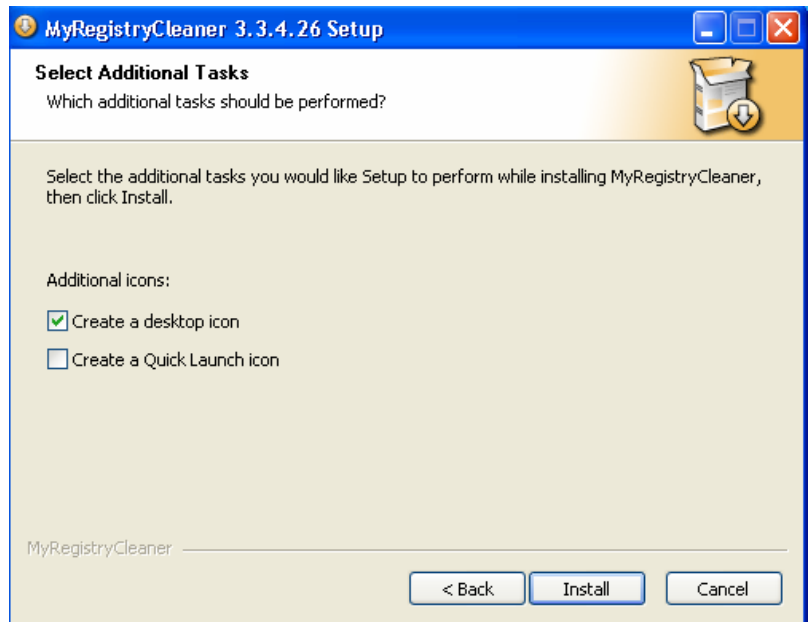

Step 4: Choose Start Menu Folder

- We recommend you use the directory suggested by the Wizard.
- Click **"Next"**.

Step 5: Select Additional Tasks

- Select the additional tasks you would like Setup to perform while installing.
- Click **"Install"**.

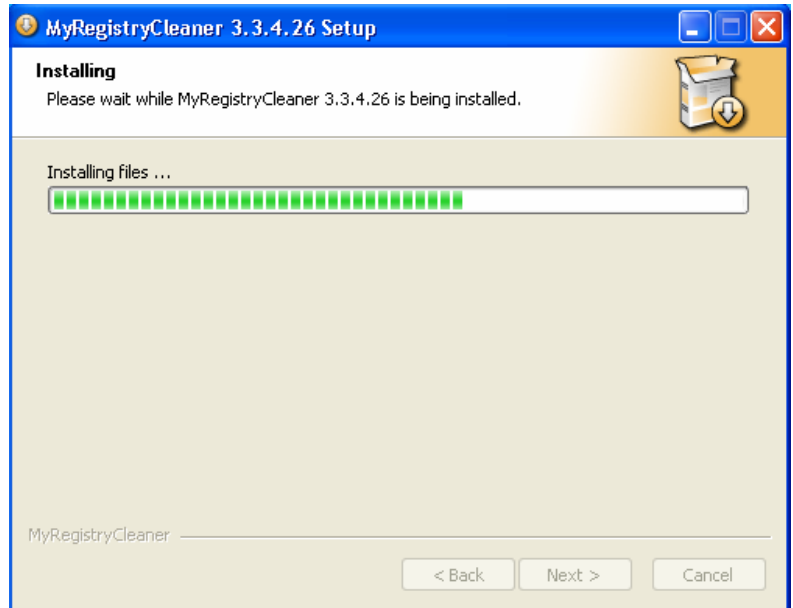

Step 6: Installing MyRegistryCleaner

- The Install Shield Wizard begins to install MyRegistryCleaner.

This process may take several minutes.

Step 7: Installation Completed

- Click "Finish"
